

How Much Speed Do I Need?

TriCoLink’s fiber-to-the business network offers robust, blazing-fast, high-speed internet

Our FTTB network is symmetrical- you get the same speeds upstream and downstream! Quicker downloads, more business devices, smoother remote business learning, easier working from remote places, and better reliability, all from someone you know and trust- TriCoLink powered Tri-County Electric Cooperative.

We offer 3 simple options- 100Mbps, 500Mbps and 1,000 Mbps (1GB) service. Not sure which is better for you?

Business Lite Internet 100Mbps	Business Pro Internet 500Mbps	Business Lite Internet 1GB (1000Mbps)
<p>Up to 12 connected users/devices</p> <ul style="list-style-type: none"> • Online bookkeeping • Web browsing • Cloud applications • Sending emails • Sending an image to a client for approval • Video conferencing • Uploading an HD video to a server or cloud 	<p>Up to 25 connected users/devices</p> <ul style="list-style-type: none"> • Easy communication with remote workers • Ability to back up large files • Supports VoIP phone systems • Video calling • Screen sharing during meetings • HD video downloading • Confidence that your internet can handle business tasks 	<p>25 + connected users/devices</p> <ul style="list-style-type: none"> • Support Customer Relationship Management (CRM) system initiatives • Easily crunch numbers for analytics • Run applications within the cloud • Easily manage databases • Implement data modeling
